To whom it May Concern,

Tom writings in regards of the "Misrepresentation and Inadequate Counsel" Tom receiving from the "Indigent Defender Board" of Minden, by (Wayne Dishman & Pam Smart). Tom being held on a Resisting Arrest by Force/Violence charge. I've been incarcerated since July 4th on this charge, I'm not able to bond due to me being on parole. I've received my "Motion of Discovery" on this charge (I've had this since late Aug; early Sept) and there is no tangible evidence to support the accusations Tom being accused of. Off. Clint Smith of Minden Police Dept. claims that I kicked him numerous times in 2 different legs in 2 different statements/reports, he clearly contradicts himself in these statements/reports. There is no visible evidence to support his claims, there is no pictures of bruises or of anything of that nature. I went to a Status Conference on Nov 16th 2013 for this charge and now I've been set to go to trial on Feb 29th due to my "Not Guilty" plea. I've wrote several letters to (Wayne Dishman & Pam Smart) concerning my case and concerning the motions I ask to be filed in my defense. I have yet to receive anything concerning the (Motions; for Speedy Trial, Preliminary Hearing and a Motion to subpoena the videotape of the incident, due to the fact that it happen supposedly
